Professional Experience

NATIONAL SECURITY AGENCY, San Antonio, Texas (23 July 2015 – 24 June 2019)

Russian Linguist/ Intelligence Analyst

- Conducted Social Network and Digital Network Analysis to develop intelligence leads in support of law enforcement criminal cases totaling a net loss to the US Financial sector of 1.4 billion dollars and objectives that resulted in 13 arrests.
- Collaborated with intelligence community representatives to identify targets of interest, using multiple U. S. Government data repositories, conducted in-depth research to answer national information priority questions.
- Developed proficiency of cyber tools, tactics, and procedures, increased recognition of foreign hacks and alerted law enforcement agencies and intelligence community partners to the exploitation of US Federal, state, and local agencies.
- Targeted FBI cyber objectives, supplied social network analysis and target identification, and analyzed hacker methods to support operations.
- Completed over 106 cyber relevant professional development courses, including Into to IT, Network Fundamentals, and Cyber Awareness, intelligence, and Analysis.

UNITED STATES ARMY, San Antonio, Texas (25 July 2015 – 24 June 2019)

Supervisor and Project Management

- Managed, mentored, and trained 15 personnel from a diverse employment background that supported law-enforcement agency operations; lauded by superiors for fostering a team mentality and extinguishing volatile interpersonal conflicts.
- Led a team of up to 5 personnel for the United States Army by supervising their daily activities, training them on military basics and duties, and managed armed forces trainings to improve the knowledge and capabilities of their team.

Supervisor and Project Management

- Handled and controlled explosive ordinance for their office by taking supply, transporting, and supervising the use of military munitions.
- Managed and supervised live-fire military range's ammo usage and supply during active operations.
- Ensured safety and integrity of ordinance by securing military ordinance and inspecting personnel to verify no munitions were left unaccounted for or taken from the live operation illegally.
