JOSEPH ORTEGA
Software Developer

I am an ambitious software developer & cyber professional with proven skills in personnel management. My time in the Army has given me the skills to lead and manage complex projects, as well as given me the opportunity to get my education to pursue a career I love; coding and software development.

SKILLS

HTML	Java SE
CSS	MySQL
JavaScript	Spring Boot
Framework	Java EE (Servlets, JSP)
Bootstrap	jQuery
VCS with Git	Object Oriented
Paired Programming	Programming
Thymeleaf	

PROFESSIONAL EXPERIENCE

National Security Agency   2015-2019
Intelligence Analyst

As an Intelligence Analyst for the NSA, I collaborated with intelligence community representatives to identify targets of interest and conducted in-depth research to answer national information priority questions. I developed proficiency of cyber tools, tactics, and procedures, increased recognition of foreign hacks and alerted law enforcement agencies and intelligence community partners to the exploitation of US Federal, state, and local agencies.

MILITARY SERVICE

United States Army   2013-2019
TS/SCI with Counterintelligence Polygraph

Managed, mentored, and trained 15 personnel from a diverse employment background that supported law-enforcement agency operations.

DEVELOPMENT PROJECTS

Movie Application   07/2019

This paired programming project is application for movie lovers. The app is built to let you see a list of movies you love and edit the movies that appear to you.

Dungeon Walker   06/2019

A classic dungeon crawler game group project from a top down perspective where the player picks a character and ventures through a deadly, yet silly quest.

Weather Application   06/2019

A solo project application that tells you the weather of an area depending on where you drop a marker on a map.

ACADEMIC BACKGROUND

Codeup   10/2019
Certificate of Completion

A fully-immersive, project-based, and intensive 18 week full stack Java career accelerator that provides students with 600+ hours of expert instruction in software development.

National Cryptologic School   05/2019
Certificates of Completion

Attended and passed 106 courses related to Intelligence Oversight, Cyber Security and Intelligence, Target Information Databases, Intelligence Analysis, IT Basics, Network Fundamentals, and Network Analysis
